RES CH Dalticino Interlagos From Dallydyl JW ShCM

VHC Dotlan Sorellas Phancy

SPECIAL SENIOR VETERAN BITCH (1 entry)

1st Boutonneux Galathea at Gemmont

Judges Critique

My thanks to the officers and and committee for inviting me to judge at their show. After two cancellations due to Covid it was third time lucky. Also my thanks for the exhibitors for bringing their Dalmatians under me. I thoroughly enjoyed my day as I hope you all did. Some of the classes were difficult to assess due to a lack of basic ring craft knowledge. It is up to us, the owners, to school our dogs for the show ring and it is us that lets them down when they don't know what to do. Also it is a beauty competition, dogs need to be clean and well groomed and have manicured nails. I found quite a few dirty dogs with long nails which spoils the appearance of feet. All said I was very pleased with my overall winners who I found displayed all the characteristics of a carriage dog, movement being of great importance. Also a big thank you to my two stewards who kept things running smoothly for me.

MPD 1 Croft's Koroyza Viking Warrior. Nine-month-old liver dog, masculine head with well set on ears, broken spotting, Amber eye. Body of good proportions, well off for bone, attractive rich liver spotting on a clear white coat. Deep chest, level top line with correct tail set. Cat like feet with well manicured nails. Strode out well moving with drive from the rear. Really liked him. Reserve best dog and best liver dog.

2 Sim's Koroyza Hrafna Floki for Snowspeeder. Another with a lot of like from the same kennel. Black spotted seven months old. Also well off for bone, smaller type to the winner but lots to like about him. Attractive head, darkest of eyes with deep pigment throughout. Clean well-defined spots. Light to shape and overall balance. Moved well when settled, still very much a baby.

PD 1 Sim's Koroyza Hrafna Floki for Snowspeeder.

2 Robbins and Hensman's Jasquarella Edge of Winter. 11 month old black spotted puppy. Good outline. Head of correct proportions, well set on ears with well broken spotting and dark eye. Good front, deep chest. Movement quite erratic and carried his tail a little high.

JD 1 Wright's Millbelle Crazy Horse. Just coming up for 12 months old. Masculine throughout. Black spotted dog, appealing in head with good dark eye. Good front, deep capacious chest, correct shoulder placement. Level back, correct tail set. Shown in hard condition with well developed second thigh. Strode out well covering the ground, reaching from the front and driving from behind. Liked him a lot and was pleased to award him best dog, best puppy dog and best black dog and best opposite sex.

2 Hobbs and Whiting's Rapanooey Ranunculus. 13-month-old liver dog. Head of correct proportions with a kind spotty face, lovely expression. Well marked liver spotting of a rich colour. Well set on ears. Similar type to the winner with good body proportions. Cat like feet. Another who moved well, was just out of coat on the day.

YD 1 Hobbs and Whiting's Rapanooey Ranunculus.

2 Cowper's Perdita's Never Say Never. Another liver dog, well up to size. 18 months old of rangier tight. Deep capacious chest with plenty of lung and heart room. Well off for bone. Attractive masculine head with a soft expression. Rich liver spotting evenly distributed over the body. Level top line, held on the move. Correct tail set. Somewhat unsettled on the move but moved okay.

MD 1 Dawson's Washakie Sun Warrior. Black spotted two year old male of a rangier type. Handsome head with a dark eye, well set ears used to frame his face. Good reach of neck. Deep chest with level back. Would have liked to see a bit more weight on him to balance him. Moved out well.

2 Rosser's Dalstorm Incan Warrior. Black spotted, heavier make and shape. Well off for bone. Deep chest and good front assembly, tight elbows. Another whose movement was hard to assess.

ND 1 Robbins and Hensman's Jasquarella Edge of Winter.

2 Johnson's Dalstorm Incan Mission. 10-month-old black spotted. Appealing head with well set on ears and dark eye. Good deep pigment. Deep chest with well developed front. Good bend of stifle, level top line. Coat still needs to clear. Erratic on the move and hard to assess, moved okay.

GD 1 Chattaway's Buzzbrook Spellbreaker. Larger type, well up to size black spotted dog. Liked his outline and balance. Masculine head, well arched neck, deep capacious chest and body of good proportions. One of the best movers on the day, moved with drive and propulsion.

PGD 1 Williams' Tolkain Storm King from Phadante JW. Masculine head with dark eyes, attractive spotting and deep pigment. Good body proportions and deep chest. Good shoulder angulation, well sprung ribs, level top line and tail set. Stood well in profile. Moved out well covering ground, good reach from the front would like a bit more drive from the rear.

2 Sampson's Dalstorm Golden Guinea. Head of good proportions on this black spotted boy. Kind gentle expression with dark eyes and well set on ears used to frame his face and giving an alert expression. Well constructed and balanced throughout. Moved well. A close decision between one and two.

LD 1 Kembrey's O'Malley Des Dalmatas de la Pierre Cacree at Dalmark. Well marked liver with appealing head and expression and eye, well set on ears. Attentive to handler. Deep chest with good spring to ribs. Strong across the

loin, level top line, like his overall balance. Strode out well with good reach and drive. Moved fluidly on a loose lead, overall picture just spoilt by his tail being carried high on the move.

2 Green and Sear's Alphadal Aint Misbehaving at Judally JW. Lighter in build than the winner but still a lot to like about this liver dog. Nice head with a soft gentle expression. Correct rich liver colour with well distributed spots. Shown in hard condition, well muscled, another good mover, just not quite the reach of stride as the winner.

OD 1 Green and Sear's Boschendal Simply Red at Judally. Six year old liver dog. Head of good proportions with a kind attentive expression, amber eye. Plenty of bone and substance, well balanced, deep capacious chest with plenty of heart and long room. Tight cat feet, good bend of stifle. Moved with a steady rhythmic stride.

SJVD 1 Pace's Big Ado. 9 1/2 year old lightly marked liver. Kind expression and eye, correct ear set and carriage used to frame his face. Deep chest with good spring to ribs. Level top line which he held on the move. Attentive to his handler, he moved out well with a steady fluid stride.

MPB 1 Saunders and David's Dallydyl Honey Trap. Seven-month-old liver bitch, rich liver colour with even spotting. Appealing head and expression with amber eye. Liked her overall balance and has everything in the right place. On the move she covered the ground with reach and drive. Held her top line standing and on the move. Correct tail set and carriage, she has cat feet but was spoilt by long nails. Was pleased towards her BPB and BPIS. 2 Chattaway's Buzzbrook Lily of the Valley. Black spotted bitch presenting a good outline. Dense black pigment on a well decorated body. Feminine head with dark eyes. Deep chest and well off the bone. Another nice mover.

PB 1 Bolt's Fakenham Fontanella. Seven month old black spotted bitch built on a larger frame. She is well off the bone. Pretty head with the darkest eyes, deep black pigment on a clear white background. Good shoulder placement, deep chest with well sprung ribs. Nicely arched neck. Level top line and correct tail sets. On the move she strode out well when settled.

2 Cattermole's Jasquerella Ice Queen of Kalvadene. 11 months old and smaller build than the winner. Black spotted bitch feminine throughout. Dark eyes and pretty spotty face, well set on ears carried well to frame her face. Good front assembly, level top line, good bend to stifle. Moved well.

JB 1 Hopkins' Dvojica Evangelista. 12 month old black spotted bitch. Pretty feminine head with a dark eye. Deep capacious chest, well muscled throughout. Well sprung ribs and strong across the loin. Well balanced. she moved freely with a steady stride.

2 Finlay's Dvojica Excuse my French at Dalfin. Litter sister to the winner so has many of the same attributes. Attentive to her handler, splitting hairs but just felt the winner moved better on the day.

YB 1 Whincup's Tamilanda Continental Gold. Took my eye as she stood in this class. Plenty of substance and bone but still feminine throughout. Appealing rich liver spotting, feminine head and alert expression, well set on the ears carried to frame her face. Well arched neck leading into a deep capacious chest. Well sprung ribs. Level back and top line held on the move. Correct tail set and carriage. Moved at a steady pace showing reach and drive and covering the ground. Really liked her overall balance. Please to award her best bitch, best liver bitch and best in show.

2 Neath and Duggan's Buffrey Carry On Emmanuel with Dalleaf. Lighter frame than the winner but still retaining enough substance and bone. Black spotty bitch with pretty feminine head, dark eyes and well set on the ears, kind expression. Well arched neck, body of good proportions. Level top line and correct tail set and carriage. Move positively with reach and drive.

MB 1 Bolt's Fakenham Fontanella.

2 Ward's Frankish Tete A Tete. Six month old black spotted, very much a baby at her first show. Feminine head with dark eyes, dense black spotting throughout. Deep chest and well off for bone. Moved well just needs time to settle.

NB 1 Chattaway's Buzzbrook Lily of the Valley.

2 Kembrey's the Ash Blonde. Liver bitch built on a smaller frame to the winner. Ultra feminine throughout. Rich liver spotting evenly distributed. Deep chest, well arch neck. Level top line, cat like feet. Moved well with a steady gait shown on a loose lead.

GB 1 Sampson's Tyrodal Seven of Nine at Dalstorm. Lightly marked liver bitch with plenty of substance and bone. Excellent outline. Feminine head with a gentle expression and amber eyes, well set on ears used to frame her face. Good front assembly, deep capacious chest, well muscled throughout. On the move she held her top line moving steadily and covering the ground well.

2 Haywood and Ridgeway's Luccombe Strawberry Fiz. Smaller type than the winner. Black spotted quality girl. Feminine head with dark eyes. Deep pigment and well spotted throughout, well arched neck, deep chest, good took up. Moved freely with a good stride, reaching from the front and driving from the rear.

PGB 1 Littler's Dalmark The Kir Royale. Six-year-old liver a bitch. Feminine head with a pretty spotty face, lightly spotted body with good front assembly. Deep chest, nice arch to neck. Level top line strong across the line. Good cat like feet, moved well with a steady rhythmical action. 2 Haywood and Ridgeway's Luccombe Strawberry Royale. Black spotted and rangier type than the winner. Well-balanced with clean lines, deep chest, lovely arched neck. Well set on tail carriage correctly. Moved steadily on a loose lead.

LB 1 Richardson's Mapplewell Pocket Rocket. Three year old compact black spotted bitch. Attractive throughout. Head of good proportions, dark eye and deepest pigment and well distributed spots on ears and body. Body with substance and plenty of bone. Deep chest and good spring of ribs. Level top line standing and on the move, attentive to a handler who moved her on a loose lead showing strong fluid movement.

2 Pace's Dalcatori Morganite Rosa Del Brondelvcade. Lighter framed liver girl. Pretty head and gentle expression with amber eyes, well set on ears and well broken spotting. Reasonable amount of bone. Lighter spotting throughout. Moved well shown on a loose lead with good fluid gait.

OB 1 Alexander's Offordale Viktoriana. Three year old black spotted bitch full of substance and bone. Head of correct proportions with dark eye, well set on and used to frame her face giving an alert expression. Nice arch to neck, correct shoulder placement, deep chest with plenty of heart and lung room. Shown in hard muscular condition, strong across the loin. Level back and top line held on the move. Well balanced throughout. Move positively with reach and drive. Res BB, Best Black Bitch and Res BIS. 2 Whiting's Sophtspot Knockout at Rapanooey. Black spotted bitch with plenty of substance to her but retaining her femininity. Expressive face, attentive to her handler who gets the best from her. Good body proportions and lots to like about her. Just pipped to the post on the movement by the winner.

SJVB 1 Finlay's Ch Dvojica Black Swan at Dalfin. Sh CM. One I have judged at the start of her showing career and she still oozes quality. Black bitch of almost 9 years of age. She still has everything in the right place, feminine throughout but still with substance. Pretty head with dark eye. Good reach of neck, deep chest and well sprung ribs. Showing no sign of age, steady mover with reach and drive.

2 Wilkinson's Ch Gwynmor High Five to Hunacres (Imp Nld) Another quality black spotted bitch of seven years old. Slightly smaller frame to the winner, lovely type. Well bodied with well sprung ribs. Pretty feminine head with an alert expression and arch. Well decorated black spotting on a pure white coat giving an overall attractive picture. Good tuck up. Moved with a steady fluid gait.

SSV 1 Bolt's Boutoneux Galatea at Gemmont. 12-year-old black spotted bitch. Bouncy and exuberant defying her age. Larger frame, clean spotting on a pure white background. Attractive head with dark eyes. Move steadily, enjoying her day out.

Brace 1 David and Saunder's. Liver brace, well matched dog and bitch. Moved steadily as one keeping pace together.

2 Jones and Saunder's. Another liver pair moved well but not quite the unison of the winner
