Judges Critique

It was an honour to be invited to judge this prestigious club show and many thanks to the committee and others for the efforts and transportation from the airport and back and to the show venue. My stewards for the day kept the ring running smoothly so again many thanks, although numerically smaller than some mainland events I was extremely pleased with the entry and attendance. All the exhibits were shown in lovely clean condition and temperaments were excellent and a credit to the owners. My main concern was although some exhibits looked good in the stand the rear movement was poor, lacking control and good drive that the breed requires.
